

Understanding Yourself in the land of the Southern Cross

A PROFOUND COURSE ON THE SCIENCE AND PRACTICE OF SOUL EVOLUTION

January 11 to 16, 2010 - Melbourne, Victoria, Australia

A very special Summit University seminar with the Ascended Masters God and Goddess Meru, Kuthumi, Mother Mary, Kuan Yin, Archangel Jophiel and Gautama Buddha. These great Ascended Masters will take you on an accelerated and profound journey of self discovery that takes you beyond the outer personality.

- Have you longed for a deeper understanding of the mastery of your own being—the intangible things that influence and motivate you?
- Do you feel there may be psychological blocks barring the door to your higher consciousness and to your Christ Self?
- Are you ready to go to that higher level? Have you felt helpless in the face of chronic bad habits?
- Understand the vehicle the soul uses as a platform for evolution with comprehensive teaching on the four lower bodies.
- Learn invaluable tools for getting a better grip on your thinking process, emotions, and physical challenges, habits and temptations.

The course consists of unpublished teachings given by Elizabeth Clare Prophet to students of Summit University in 1975.

Dictations:

In this two part course, Ascended Masters who work with the ray of wisdom and illumination and healing, God and Goddess Meru, beloved Kuthumi and Mother Mary give you their profound teachings on understanding yourself. They offer advanced teaching on the science of soul evolution and show you how to overcome deep seated patterns in your psychology that stand in the way of true spiritual liberation. Kuan Yin shows the importance of breaking through the barriers of unreality and claiming your Real Image. Archangel Jophiel delivers a powerful message on pursuing the imitation of Christ, and personally serves Holy Communion. Gautama Buddha explains how the path of self mastery and adeptship begins by mastering “one petal” of the heart chakra - the seat of your spiritual reality.

Studying and applying their words is a profound experience. These Masters will not “leave you as they found you.”

Receive a special blessing of the third-eye chakra at the end of the seminar.
