

Redeeming the Soul with Mother Mary, Jesus and Magda

Your soul is the potential to be God. It is the sensitive, intuitive side of yourself, able to connect to the limitless love and creativity of Spirit. Yet how deeply hidden is this inner treasure? How often do you unwittingly allow your soul to be repressed, by others and by yourself?

In this seminar you will gain a deep understanding of how to contact and liberate your own soul for greater internal wholeness—and for world service. The program includes:

- Profound unpublished teachings by Elizabeth Clare Prophet on the soul, the divine feminine, and the mystery of the Buddha and the Mother
- The moving story of the ascended lady master Magda, twin flame of Jesus Christ and archetype of the soul that seeks and finds redemption
- Profound dictations by the ascended masters that will raise your soul-awareness to new heights
- Meditations and reflective exercises to help you tune in to what your soul is trying to tell you
- Opportunity for personal counseling
- Prayer vigil for the liberation of the souls of planet earth
- Physical exercises and activities to assimilate the energy of the Divine Mother that graces the soil, the waters and the air of the Inner Retreat

Give your soul the gift of this special five-day Summit University retreat. Find new wholeness and purpose as you embrace the Mother Light!
